Newsletter Autumn Edition 2024

Project Insight

"Sight Support Kids is a fantastic group where the children experience things in a safe environment. It is also a great support for us all as parents".

Our Children's and Families Project is having an amazing impact on everyone who attends our exciting activities and workshops.

It has been wonderful to watch our children and families develop their friendships and offer support to each other.

We have enjoyed so many varied activities together, even becoming a DJ for the day.

We will soon be organising our exciting Christmas activities which will include Breakfast with Santa and the Christmas Pantomime "Goldilocks and the Three Bears".

" Our daughter loves the social element during the events and activities. This really helps her with all her communication skills.

She has loved meeting up and playing with some of the younger children, taking on a mothering role. She loves to move around the activities with them".

Arty Crafty Kids

Join us—2nd November—16th November—11th January—The Deep

Our children and families are really excited about working together on an amazing beach themed project. We have visited and explored the beach together and even created art work using real fish.

Please come and enjoy all the fantastic art work we have created with artists Jon and Leila at our exhibition on Humber Street in Hull - February half term 2025.

"Sight Support Kids is brilliant and it's been brilliant for our whole family".

"My sons confidence has blossomed".

Rewilding Youth

We have had the most amazing Summer with Rewilding Youth with our trip to Reighton Sands and a day at East Hull Community Farm, exploring their amazing surroundings and looking closer at the ancient fossils we collected on our beach trip. For the next session in October, the children have requested making their own stories and obstacle courses and of course keeping warm . The children have gained a great sense of confidence and independence within the space and we look forward to going back at October half term

"I love everything we do at Rewilding especially spending time with my friends."

Aspire Gymnastics

This Summer at Aspire Gymnastics we have been perfecting our skills when doing forwards and backwards rolls and learning how to do our handstands and cartwheels. This activity is one of our most popular with all our age groups and in half term Aspire have agreed to do a gymnastic competition with the children to show how hard they have been working. Join us on the 29th October from 10 am till 11.30 am.

*"Gymnastics
is my
favourite
activity
because I can
learn to do
flips."*

Yorkshire Wildlife Park

Our summer trip this year was to the Yorkshire Wildlife Park, the children and families had a great time seeing all of the animals and making memories with their family and friends. The staff also got to have some fun exploring and looking for lots of animals . We got to see the polar bears, giraffes, seals , lions and walk through the real life dinosaur experience.

*"Thank you
Sight
Support kids
we had a
fabulous
day"*

DJ Methodz

One of our new partnerships this summer has been with the amazing DJ Methodz! The children enjoyed exploring the equipment and becoming a mini DJ. Don't worry if you missed out we have booked a session in for October Half term at Astra Youth Centre Hull.

We welcome any suggestions on new activities that the children would like to experience; please just drop us an email to Sight Support Kids and we will do our very best to put these activities in place.

Upcoming Activities
